4. I have added no sub station to the Eesanyere and Fort Head Stations, as these portions are quite compact in themselves and can be well managed without any sub station.

5. All the beats have been revised to conform with the present complement of the stations, and care has been taken to curtail their extent. There being some detached villages attached to the Municipality these have been added on to the jurisdiction of stations nearest to them and one or two Constables, as the importance of the village requires, have been set apart in each Station to do duty there.

6. For effective supervision &c. I find it necessary to place 2 Head Stations under one Chief Constable, but as there are only three Chief Constables now available, I request your early Sanction to another being entertained, and till then permit me to place a Head Constable in charge of the remaining two Head Stations, giving him a personal allowance of £5/- from savings in the establishment, in anticipation of Sanction.

I have &c.

GENERAL DEPARTMENT. Mysore District.

No. 1619
En: 1

Dated Mysore 9th August 1890.

From,

G. F. Meiklejohn Esquire
Deputy Commissioner.

To,

The Inspector General of Police
in Mysore.

Sir,

With reference to your docket No. 899/78 dated 23rd July 18
I have the honor to submit an allocation statement of the Pol
stations of the Mysore Town, which have now been arranged accordi
to the Municipal Mohallas.

2. There are Seven Mohallas. In each of these there will be a
Head Station, but Lushkar Mohalla being the largest, and in
the Veerangere portion being the most troublesome, I have deemed
necessary to convert the Sub Station there into a Head Station.
I have likewise formed a Sub-Station at Dodda Holagere,
large and very thickly populated quarter; and attached it to the
Chamraj Head Station.

3. Thus while there were before 6 Head Stations and 7 Sub
Stations there will be now 8 Head Stations and 6 Sub Stations, in
conformity with the Municipal Mohallas, except in the case of Dodd
Holagere Sub Station which, though in the Krishnaraj Mohalla, f
its situation, can be more conveniently attached to the Chamraj
Head Station.

His No. 1619 dated 9th Instant

In reply, has the honor to inform him that the revised allocation of Head Stations seems to answer the requirements of the Mysore Town, and the same has the undersigned's approval.

With regard to his request for an additional Chief Constable, it does not appear to be advisable to submit isolated proposals for the sanction of Government, which having lately sanctioned an addition to the strength of the Mysore Town may not entertain

any further proposal in the same direction.

The undersigned would have no objection to an additional Chief Constable being appointed if the charge can be made up by saving among the Constables. If this is feasible, the arrangements may be carried out in anticipation of sanction.
